Robyn Anderson

"With Courage and Faith in our Savior We Can Overcome our Fears"

(Saturday Session 4)

Sister Robyn Anderson was born and raised in Murray, Utah. She finds joy in being a single sister in the gospel. She is a loving and favorite aunt and grand-aunt to 27 nieces and nephews. She is proud of her pioneer heritage and relishes the many summers she has spent camping, fishing, and exploring in the same mountains where her ancestors lived and worked.

She received her Associates Degree from Dixie College and graduated Cum Laude in Elementary Education from the University of Utah. She was the first person in her father's family to graduate from college.

From the time she was a small child, she would tell everyone that she was going to be a teacher. She loved all 34 years of her teaching career. She taught 3rd grade for 21 years and 4th grade for 13 years. During her teaching career she was honored with several awards, including; Teacher of the Year (Southwest Valley Chamber of Commerce), Educator of the Month, and KSL TV Teacher of the Month. Her students have supplied her with many humorous stories she has shared with family and friends. One of the recommendations she gave to her student's parents was, "If you believe half of what you hear about school, I'll believe half of what I hear about home."

Sister Anderson is currently serving in her ward Young Women's Presidency. She has served as Stake and Ward Activities Director, Young Women's President, Relief Society teacher, and Sunday School teacher.

Her hobbies and interests include handwork, sewing quilt tops, golf and traveling. She has had the blessing of traveling and cruising to several countries in Central America and Europe. She has also visited Israel, Alaska, and the Caribbean. While at home she delights in filling her days with family time, reading, reading, and more reading. She takes short breaks for housework and gardening chores, which explains a motto she off-times repeats; "Why do today what you can put off till tomorrow." haha

Sister Anderson counts the gifts of the gospel as her greatest blessing. She finds joy and happiness in the comfort it brings her.
